This is to inform all prospective bidders of the clarifications made by the prospective bidders.

CLARIFICATIONS:

1. We would like to inquire regarding the 2 years expiry date from the time of delivery. We would like to inform the good office that the Expiry date starts from the manufacturing date of products.

RESPONSE:

The 2 years expiry date from the time of delivery of products to PHILGUARANTEE will be retained.

Products with expiration dates within the period prescribed in the Terms of Reference will be accepted regardless of the manufacturing date.

2. May we inquire regarding packaging please. Can we offer either 30s or 100s per box since you have no preference on brand as per Ms. Karenina V. Joaquin? This is in relation to your PhilGEPS post with the project name, Procurement of Sodium Ascorbate/Vitamin C with Zinc.
